DDD Sponsoring Packages

Introduction

This year we decided to host and organize the internationally famous Drupal Developer Days in **Vienna, Austria**, at the **University of Vienna** from **July 19 - 23, 2023**.

Up to 500 attendees are expected to attend the four day event. We expect attendees from all over the world, with the majority coming from the central European regions. With affordable tickets, we are giving everyone the opportunity to join us in the heart of Europe to celebrate Drupal for four days together. It's a good opportunity to stay tuned to the latest things that are happening around the community and the project itself.

The most influential speakers from the community from around the world will come and share their experience, so you will get the best information first hand. You will also have the chance to present yourself to Drupal developers in the region, so if you are looking to hire talented Drupalers, this is the place to be!

Serving as an Official Partner of Drupal Developer Days Vienna will increase the equity of your brand as a company or organization that supports one of the fastest-growing open source software communities in the world. Whether you're new to the community, a long term member, or are just curious to see what all the fuss is about, we have a place for you. We've designed the sponsorship packages to provide highly targeted branding, lead generation and talent recruitment at a price point which makes sense for your company. It's also a great moment to present your development tooling, hosting solutions or other services that you are offering to this audience. Drupal Developer Days is a non-commercial event and your contribution is vital for our success. The event is organized and run entirely by volunteers, but there are obviously costs to be covered.

Below you can find an overview of the sponsor packages we put together, along with information about what you can expect in return. Note that the number of packages per level is limited to provide maximum value, and will be served on a "first come - first served" basis.

About Drupal Developer Days Vienna

Drupal Developer Days Vienna is an event organized by the non-profit Drupal Austria Association and a team of enthusiastic Drupal community volunteers. This event replaces our DrupalCamp Vienna for 2023.
